kaluwanchikudy batticaloa

## Language

- English
- Tamil

## Education

Bachelor of Software Engineering(Under graduation) **(BSE hons)**  
2021 - 2025

## Experience

- I have five years of hands-on experience in web application development.

## Skills

Next Js

Nest Js

Tailwin.CSS

MySql & TypeORM

React Js

Node Js

Mongo DB

## Projects

- Developed an e-commerce web application.
- Built a Hospital Management System with role-based access control, managing patient, appointment, and staff data securely.
- Designed a Tourist Guide Application using next.js for dynamic, mobile-responsive interfaces featuring destination details and trip planning tools.
- Currently developing an Online Food Ordering Platform with product catalog, order management, and payment integration for seamless user experience.

## Objective

A highly motivated and detail-oriented full-stack developer with experience in building scalable web applications using technologies like NestJS, Next.js, and MySQL. Seeking to leverage my skills in both frontend and backend development to contribute to innovative projects and further my expertise in full-stack development.
